

Dr. Ganesh Anbalagan

The following is an email that the Academy received from Dr. Anbalagan, originally from India, now in Singapore.

I was chosen to receive the International Academy of Aviation and Space Medicine scholarship in September 2006. I am writing this mail to express my sincerest thanks to IAASM for providing this scholarship and to inform that I have successfully completed the Diploma in Aviation Medicine course conducted by King's College, London (07 Jan 2008 to 02 July 2008). Now I am back in Singapore and working at Singapore Aeromedical Centre as Aviation Medical officer.

Thank you once again for providing this scholarship.

Yours truly,
Dr Ganesh Anbalagan
Aviation Medical Officer
Singapore Aeromedical Centre
